

Claims

- [c1] An integrated headset, comprising:
an earpiece;
a microphone communicating with said earpiece;
a cord, communicating with said earpiece, and said microphone;
a lock switch communicating with said earpiece and said microphone; and
an electronic device having an indentation for holding said earpiece and said microphone.
- [c2] An integrated headset as in claim 1, wherein said cord is retractable into said electronic device.
- [c3] An integrated headset as in claim 1, wherein said lock switch holds said earpiece, said microphone and said cord in said indentation of said electronic device.
- [c4] An integrated headset as in claim 2, wherein said electronic device has an internal storage space for said cord.
- [c5] An integrated headset as in claim 4, wherein said storage space is placed in said electronic device in such a way as to not interfere with the normal functions of said electronic device.
- [c6] An integrated headset as in claim 1, wherein said lock switch holds said earpiece and said microphone to said electronic device.
- [c7] An integrated headset as in claim 1, wherein said electronic device is a mobile telephone.
- [c8] An integrated headset as in claim 1, wherein said electronic device is a personal digital device.
- [c9] An integrated headset as in claim 1, wherein said electronic device is a portable MP3 player.
- [c10] An integrated headset as in claim 1, wherein said electronic device is a two-way communicator device.
